A Hybrid Strategy Integrating Ant Colony Optimization and Locust-Inspired Algorithm (HACO-LA) to Boost Efficiency and Performance in cloud Resource Management

# Sathish Kumar

Joint Secretary at IEEE TEMS: Technology and Engineering Management Society|Department representative|2nd year CSBS| Intern at AARA INFOSYSTEM PRIVATE LIMITED| Chennai, Tamil Nadu, India

## Summary

Driven by a passion for technology and innovation, I am currently pursuing my B.Tech in Computer Sciences and Business Systems at Sri Sai Ram Engineering College. With expertise in HTML, CSS, JavaScript, MongoDB, and Figma, I am continuously expanding my skill set to stay at the forefront of industry trends. As a proactive team leader, I successfully managed a project on Automatic Draining Irrigation System, showcasing my ability to lead and deliver results. Additionally, serving as the Joint Secretary at IEEE TEMS, I am dedicated to driving impactful initiatives and fostering a collaborative environment. Excited to apply my skills and experiences to drive meaningful change in the technology landscape."
